Re: Contract SWPCF-DPR-97

Dear Mr. Yarbrough:

The Authority appreciates Pro-Spec's recent efforts to bring the above-referenced contract to a successful conclusion. Your firm's decision to utilize a continuous perimeter scaffolding platform to perform structural and painting operations on the gas dome space frame provided your personnel with a safe, stable access to the Work. Needless to say, efficiency of the structural repairs and painting was greatly enhanced by this approach, and we strongly suspect that your innovation in this matter will set the standard for future digester repairs at our three plants.

In closing, we would again express our appreciation for Pro-Spec's efforts, and look forward to the opportunity to work with you in the future.

Sincerely,

John H. Hubbard, Jr.
Senior Project Manager, Construction
